Amended GLOW Adult/DLW Supportive Services Policy and GLOW Youth Supportive Services Policy – Jay Lazarony, GLOW WDB Director

- Jay explained that since July 1st when the new GLOW Supportive Services Policies went into effect at \$500 maximum for supportive services per customer, there have been several customers that maxed out at that amount and were in need of additional supportive services.
- It is being recommended that both policies be increased to \$750. GLOW has additional funds this year and can assist more customers with supportive services.
- It was noted that mileage for customers to attend training can take up a significant amount but they may also be in need to help pay for an exam or license fee (NCLEX for LPN, etc.).

VOTE> Darren made the motion to approve the increased amount to \$750 for the GLOW Adult/DLW Supportive Services Policy and the GLOW Youth Supportive Services policy; Marcell seconded the motion; all members present were in favor, and the motion was carried. This will be presented to the GLOW WDB for recommendation today.

The meeting adjourned at 4:05 pm.
